Excision/Alteration: Yes.

Reason(s) for Excision:

One excision is required to remove a scene which shows a bare-breasted woman urinating into her underpants. The camera focuses on the urine running down the woman's legs and on the wet stain on her pants. The incident appears in a sexual context and is presented for the sexual titillation of the viewer. Because of this scene, the video recording tends to promote and support the use of urine in association with sexual conduct.
